Professional Experience

Business Analyst **Dubai, UAE**

Hikaru Shipping Line FZCO. *July 2025 – Present*

- Collecting, analysing, and interpreting operational data related to shipping movements, container tracking, billing cycles, and customer transactions to identify trends and performance gaps.
- Developing and maintaining Power BI dashboards and Excel reports to visualise KPIs such as turnaround time, shipment delays, revenue trends, and operational efficiency metrics.
- Collaborating with cross-functional teams (operations, finance, customer service, and IT) to understand business needs and provide data-driven recommendations.
- Supporting ERP implementation and enhancements by validating data flows, system integrations, and reporting accuracy.
- Conducting manual testing of ERP modules to ensure data consistency, workflow accuracy, and reliable reporting outputs.
- Managing Jira tickets for defect tracking, enhancements, and sprint tasks to ensure timely resolution and continuous system improvement.
- Coordinating and executing UAT, ensuring business requirements are accurately reflected in system reports and dashboards before deployment.
- Monitoring data quality, identifying discrepancies, and implementing validation checks to ensure accuracy and consistency of reports.
- Identifying opportunities for process optimisation to streamline operational workflows and improve overall efficiency.
- Preparing analytical reports and presenting findings, insights, and recommendations to internal stakeholders and management.
- Providing post-implementation support, production issue analysis, and continuous improvement initiatives to enhance reporting and operational performance.
- Staying updated with emerging BI tools and analytical best practices to strengthen reporting and data visualisation capabilities.

Business Analyst **Bangalore, India**

Carelon Global Solutions. *Nov' 2023 – April' '2025*

- Served as the primary liaison between business stakeholders and technical teams, facilitating seamless communication for claims and policy system updates.
- Conducted gap analysis to identify inefficiencies in workflows and policies, leading to actionable system enhancements.
- Developed and maintained Business Requirement Documents (BRD) and Functional Requirement Documents (FRD), ensuring alignment with organisational goals.

- Collaborated with business units to define project scope, functionality, and deliverables, ensuring timely execution.
- Led User Acceptance Testing (UAT), creating test scenarios, validating results, and ensuring defect resolution.
- Identified system bottlenecks and proposed optimisations, resulting in a 15% improvement in processing speed and accuracy.
- Generated data-driven insights using SQL queries and visualised key metrics in Power BI dashboards for leadership reviews.
- Actively participated in Agile Scrum ceremonies, including daily stand-ups, sprint planning, and retrospectives.
- Managed project documentation in JIRA and Confluence, tracking progress and ensuring transparency across teams.
- Trained end-users on new system functionalities, enhancing adoption and reducing support queries.

Business Analyst **Bangalore, India**
Simpfly3x Software Pvt Ltd. *Nov' 2022 – April 2023*

- Acted as the primary liaison between business stakeholders and technical teams for process improvements.
- Analysed workflows and policies, transforming business inputs into actionable system updates.
- Created and maintained BRDs and FRDs, ensuring alignment with business goals.
- Defined scope and functionality with business units, coordinating with tech teams for seamless execution.
- Supported UAT planning and execution; validated test scenarios and ensured defect resolution.
- Identified system bottlenecks and suggested optimisations, improving processing speed and accuracy.
- Delivered reports using SQL queries and visualised insights via Power BI for leadership reviews.
- Participated in Agile ceremonies including daily stand-ups, sprint planning, and retrospectives.
- Defined functional specifications and user stories, managing updates in JIRA and Confluence.

Accountant, Kerala, India
Himadri Retreat Cottages *Jul' 2019 – Jul' '2020*

- Managed full-cycle accounting: invoicing, payroll, bank reconciliations, and expense tracking for an 8-room homestay.
- Prepared monthly financial statements (P&L, balance sheets) for owner review.
- Ensured compliance with local tax regulations (GST, income tax) and filed returns on time.
- Analysed occupancy rates and pricing to recommend cost-saving measures.
- Assisted in auditing and streamlining financial processes.
- Handled vendor payments and guest billing systems.
